How to get a license:

**1) Single User License**

- a) Please click on the PayPal button, fill out the form and make the PayPal payment.  
Please consider that the currently logged in user will get the license.
- b) As soon as we receive the payment we will email you the location ("\*.mat") and the license key.
- c) Please put the "\*.mat" file in the following folder:  
"/**meteonorm**". And enter the license key (License - Lecense key).
- d) Import the location (.mat - import)

Kind regards,  
Your ClimateTool team
